[Apartments with a view](#)

A week or two ago we were invited out to tour the Cadence Village at Woodland Hills apartments in North Asheville. Cadence Village is located conveniently right off of 26 West at the New Stock Road exit just one mile from Weaverville.

The community is extremely nice with a great mix of residents ranging from working professionals, to families, and retirees. The selling points for me were:

- Security: Cadence Village is one of only a few gated apartment communities in the Asheville area.
- Comfortable: The apartments, grounds, and shared facilities all had a very comfortable feel to them
- Amenities: The pool, clubhouse, and exercise facilities all seemed top notch. The pool especially looked inviting, too bad it was 50 degrees out the day we visited.
- Affordable: The rents seemed really reasonable with 1, 2, and 3 bedroom options available

You can learn more about [Cadence Village at Woodland Hills on their website](#) or stop in for a visit!

The pool ready for summer.

A pretty great view even on a cloudy day:

The apartments all seemed to be very spacious and included washers and dryers:

The clubhouse looked like a lot of fun:
